

Siddhi Sovle

Founder's office Intern at UrbanDart | Mentored at Hack4Bihar | Data Scientist

+91-8777502195 sid999555@gmail.com Delhi – India LinkedIn

EXPERIENCE

Founder's Office Intern - [UrbanDart](#)

Nov2025 - Present

- Supported company operations through vendor sourcing, price negotiation, and procurement of essential items at the best value.
- Contributed to the **Go-To-Market (GTM)** strategy by helping define positioning, brand story, and messaging to build awareness and trust among retailers.

Analytics Intern - [Punjab National Bank](#)

Dec2024 – Jan2025

- Leveraged data-driven insights from ML models (CatBoost) to identify key business patterns and support strategic decision-making.
- Developed forecasting solutions using LSTM to anticipate future trends and improve planning and resource allocation.

Data Science Intern - [AI Variant](#)

Aug2023 – Nov2023

- Designed **LLM-powered solutions** to enhance chatbot interactions and streamline interview preparation, improving engagement and efficiency.
- Explored **NLP model visualizations**, making AI-driven insights more accessible for decision-makers.

SKILLS

- Product & Strategy:** GTM Strategy, Market Research, Product Roadmapping, User Research
- Analytics:** SQL, Python, Excel, Data Visualization, Forecasting
- Technical:** Machine Learning, LLMs, APIs, AI Tools
- Soft Skills** :- Communication, Collaboration, Problem-Solving
- Deployment** : Flask, Streamlit

ACHIEVEMENTS

- Finalist** – IIT Kharagpur Data Science Hackathon 2024
- Shortlisted** for GirlScript Summer of Code 2024, as a **contributor**.
- Finalist** – Datathon 2024, a 24-hour national-level analytics competition.
- Omdena Data Scientist** – Contributed to **5+ AI-driven social impact projects** solving real-world business challenges.

EDUCATION

B.Tech. (CSE) - 8.0 CGPA		
Vellore Institute of Technology, Bhopal	📅	2021-25
Higher Secondary - 88%		
Jain Heritage Cambridge School	📅	2020-21
Secondary - 93.20%		
BDM International School	📅	2018-19

CERTIFICATIONS

- IBM Machine Learning with Python Certificate .
- IBM Generative AI Essentials
- AWS Cloud Practitioner
- Data Science Certificate, Excel R

PROJECTS

[Bankruptcy Prediction](#)

- Engineered ML-driven bankruptcy risk assessments, achieving a 97% accuracy rate for financial decision-making.

[AI Powered Money Laundering Platform](#)

- Built an AI money laundering detection platform using Machine Learning, improving fraud detection accuracy by 93%.
- Developed an interactive dashboard for transaction monitoring, helping businesses mitigate financial risks.

[Algorithmic Trading Strategy For BTC-USDT](#)

- Created a trading strategy combining ML with mean reversion, increasing profitability by 15% over 200 trades..

[Restaurant-Name Generator](#)

- Leveraged Mistral-7B and LangChain to develop an AI-driven restaurant name generator, showcasing expertise in LLMs, prompt engineering, and model switching.
